

Route 220 (Virgil H Goode Highway) and Route 635 (Bonbrook Mill Road) Intersection Improvement Franklin County

Find out about a project to improve safety at the intersection of Route 220 (Virgil H Goode Highway) and Route 635 (Bonbrook Mill Road) in Franklin County. This intersection is located near the bottom of a steep grade where drivers turning left onto southbound Route 220 must accelerate and merge into oncoming traffic.

The project will convert the crossover at the intersection to an unsignalized Continuous Green-T. This innovative intersection design will add a dedicated 750 foot lane in the median to provide vehicles turning left from Bonbrook Mill Road onto southbound Route 220 more space to accelerate and merge safely. The project also includes constructing raised concrete median areas to help channel traffic turning left out of Bonbrook Mill Road into the new acceleration lane and traffic turning left from southbound Route 220 onto Bonbrook Mill Road.

Review the project information and National Environmental Policy Act (NEPA) documentation in the form of a Programmatic Categorical Exclusion are available for review at 731 Harrison Avenue in Salem, 540-387-5353, 800-367-7623, TTY/TDD 711. Please call ahead so VDOT can make arrangements for personnel to share more information or answer your questions.

If your concerns cannot be satisfied, VDOT is willing to hold a public hearing. You may request that a public hearing be held by sending a written request to Tim Dowdy, Virginia Department of Transportation, 731 Harrison Avenue, Salem, VA 24153 on or prior to **April 27, 2023**. If a request for a public hearing is received, notice of date, time and place of the hearing will be posted.

VDOT ensures nondiscrimination and equal employment in all programs and activities in accordance with Title VI and Title VII of the Civil Rights Act of 1964. If you need special assistance for persons with disabilities or limited English proficiency, contact Tim Dowdy at the phone numbers listed above.
